

# TOOL ROOM & TRAINING CENTRE, GUWAHATI

## VISION STATEMENT

Multi-fold enhancement of skill development activities by upgrading infrastructure facilities and establishing extension and sub Centres for outreach programs. This indicates a commitment to reaching a wider audience and improving accessibility to training programs.

Providing techno-managerial support services to MSMEs in engineering and allied fields, indicating a commitment to fostering the growth of Small and Medium Enterprises through initiatives such as organizing value addition programmes on Management techniques like Lean Manufacturing, Design Clinics, and Incubators.

Becoming internationally acclaimed in core competencies such as product design and development, manufacturing, skill development, and project consultancy.

Adopting best manufacturing practices such as virtual manufacturing and direct digital manufacturing to develop a competitive edge.

Establishing a brand image for MSME institutions for skill certification, indicating a focus on quality assurance and recognition within the industry.

To develop value-added courses and establish twinning arrangements with reputed institutes and organizations for such courses, indicating a commitment to offering comprehensive and high-quality training programs.

Guiding trainees, especially from socially disadvantaged sections of society, to improve employment potential, demonstrating a commitment to inclusivity and social responsibility.

Organizational restructuring and continuous human resource development to meet new challenges, indicating a commitment to adaptability and growth.
